K-FAMILY SERVICE PROJECT I-I District K-Family Service Project

Friday, August 5th
10:30 AM - 2:30 PM

Rivercenter, Davenport, IA

Kids Against Hunger®

Feeding families around the world...and around the corner.

The mission of Kids Against Hunger, a humanitarian food-aid organization, is to significantly reduce the number of hungry children in the USA and to feed starving children throughout the world. The organization's approach to achieving its goal - the eradication of world hunger - includes the packaging of a highly nutritious, vitamin-fortified soy-rice casserole by volunteers at numerous locations within the USA and Canada, and the distribution of those meals to starving children and their families in over 60 countries through partnerships with humanitarian organizations worldwide. In 2009 alone, volunteers at Kids Against Hunger's food packaging centers across the USA packaged over 48 million meals for children and their families around the world and around the corner.

Kids Against Hunger packages highly nutritious, life-saving meals for starving children and malnourished children and their families in developing countries and the United States. The goal of the organization is for its meals to provide a stable nutritional base from which recipient families can move their families from starvation to self-sufficiency. Kids Against Hunger accomplishes this by mobilizing the energy and caring of American children, teens, and adults on behalf of hungry children around the world. Kids Against Hunger seeks to end the literal hunger of children receiving the meals, but also satisfies a hunger among prosperous Americans - a hunger for meaning and contribution.
